- Manage expectations of stakeholders and provide, where possible, accurate estimations of timings on projects.
- Oversee all design projects, from conception to delivery.
- Aim to have broad commercial awareness of each brand and their customer.
- Line management for junior team members.
- Work closely with the brand and marketing teams, building strong relationships.
- You will work closely with our sales team, preparing and presenting highly creative content and working on multiple design concepts at any one time.
- Great experience with AutoCAD
- Excellent typography skills.

Requirements:

- Understanding of User Interface design and the design process.
- Confident enough to know when they are right – and when they are wrong.
- Ability to solve problems creatively and effectively.
- Extensive experience in adobe creative suite including illustrator and photoshop.
- Conceptual design thinking.
- Experienced in leading projects, large and small, from start to finish.
- You will work closely with our sales team, preparing and presenting highly creative content and working on multiple design concepts at any one time.
- A compelling presenter, able to sell ideas and pitch to clients.
- Great experience with: AutoCAD.
- Excellent typography skills.
- Detail oriented and ideas driven.

- Curious, multidisciplinary, and eager to learn.
- Must have an outstanding portfolio of modern work.
- Ability to developing their own ideas into full presentations.

Required Professional Competencies:

- **Leading the organization:** managing change, managing politics, and influencing others, taking risks and innovating
- **Setting vision and strategy:** understanding and navigating the organization
- **Technical skills:** proven skills in working with Office software (Word, Excel, Outlook, PPS, OS); Value-added technical or business skills.
- **Planning and organizing:** orchestrates and implements clear, efficient, and logical approach to work and manages assignments, objectives, and time; gives priority to service-affecting problems.
- **Management of Time and Priority Setting:** manage both one's time as well as others'; demonstrates self-discipline, controlling interruptions by molding the behavior of others who have varying priorities, and being time-effective and time-efficient.
- **Attention to detail:** ensures quality in work delivered; has a critical eye on your work.
- **Thinking Clearly and Analytically:** determining valid premises arriving at logical conclusions from them, separating fact from hearsay, unwarranted assumption, and false inferences, applying inductive and deductive logic appropriately, culling of logical fallacies, invalid premises and conclusions based on insufficient information.
- **Problem solving:** Identify barriers that prevent achieving goals and standards. Involves the application of systematic sets of procedures to eliminate and reduce the problem origins and causes. Distinguishes between problems, symptoms and indicators, inputs, and outcomes, gathering and assessing evidence relating to causes and plotting a decision matrix and eventually choosing and recommending the best options.; is direct and assertive.
